

Watercraft Restrictions for FOURTH OF JULY CELEBRATION

A blue square sign with a white border. In the center is a white silhouette of a boat on wavy lines representing water. A thick red circle with a diagonal slash is superimposed over the boat, indicating that boats are prohibited.

- South of the Theodore Roosevelt Bridge to the Arlington Memorial Bridge will be a No-Anchorage Zone.
- Designated anchorage zone north of the 14th Street Bridge on the west side of the Potomac River (Virginia shore side); this zone will be just north of the entrance to the Pentagon Lagoon to south of the Arlington Memorial Bridge.

- There will be a watercraft safety zone north of the 14th Street Bridge on the east side of the Potomac River (Washington, DC side); this zone will be just north of the entrance to the Pentagon Lagoon to south of the Arlington Memorial Bridge. This means no boating, no anchoring.
- Watercrafts will be allowed to anchor outside of the channel north of the Theodore Roosevelt Bridge and south of the 14th Street Bridge.

Watercraft operators will be expected to follow these restrictions and remain alert for posted signage and buoys. MPD recommends that all watercraft operators and passengers not only have a life jacket or a personal floatation device, but wear it at all times while boating. As always, do not drink and operate a watercraft.

BOATERS SEEKING ADDITIONAL INFORMATION SHOULD CONTACT MPD'S HARBOR PATROL UNIT AT 202-727-4582.
